**Customer Problem Statement Template:**

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

<b>Problem Statement (PS)</b>	<b>I am (Customer)</b>	<b>I'm trying to</b>	<b>But</b>	<b>Because</b>	<b>Which makes me feel</b>
-------------------------------	------------------------	----------------------	------------	----------------	----------------------------

PS-1	A policy analyst,	Identify how different	The available	It lacks consolidated	Frustrated and limited in making data-driven policy
------	-------------------	------------------------	---------------	-----------------------	---

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

<b>I am</b>	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
<b>I'm trying to</b>	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
<b>but</b>	Describe what problems or barriers stand in the way - what hinders them most?	Describe the problems or barriers that get in the way here
<b>because</b>	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
<b>which makes me feel</b>	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

PS-2	A student or researcher studying global economic trends and their drivers.	Analyze patterns and correlations between economic freedom indices and national prosperity over time using historical data.	I find it challenging to process large datasets and manually derive insights without a robust visualization tool.	Raw data often doesn't tell a story unless it is interpreted through visual analytics.	Overwhelmed and unsure about the reliability of my insights without a powerful analytical platform like Tableau.
